GRIP QUICKLY KNOCKED OUT.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Eggleston, of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." It is a good plan to take a dose of the Tablets when you have a cold. They promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by Chas. C. Davis.

BEWARE OF COUNTERFEITS

"DeWitt's is the only genuine Witch Hazel Salve" writes J. L. Tucker, of Centre, Ala. "I have used it in my family for piles, cuts and burns for years and can recommend it to be the best salve on the market. Every family should keep it, as it is an invaluable household remedy, and should always be kept on hand for immediate use." Mrs. Samuel Gage, of North Bush, N. Y., says: "I had a fever sore on my ankle for twelve years that the doctors could not cure. All salves and blood remedies proved worthless. I could not walk for over two years. Finally I was persuaded to try DeWitt's Witch Hazel Salve, which has completely cured me. It is a wonderful relief." DeWitt's Witch Hazel Salve cures without leaving a scar. Sold by Mt. Vernon Drug Co.

THE GREAT FAMILY MEDICINE

Theodore's Black-Draught comes nearer regulating the entire system and keeping the body in health than any other medicine made. It is always ready in any emergency to treat ailments that are frequent in any family, such as indigestion, biliousness, colds, diarrhoea, and stomach acids.

Theodore's Black-Draught is the standard, never-failing remedy for stomach, bowel, liver and kidney troubles. It is a cure for the domestic ills which so frequently summon the doctor. It is so good for children as it is for grown persons. Theodore's Black-Draught has been our family doctor for five years and we want no other. When any of us feel badly we take a dose and are all right in twelve hours. We have spent lots of money for doctor bills, but got along just as well with Black-Draught. IBA H. RADWIN.

THE KEY THAT UNLOCKS THE DOOR TO LONG LIFE

The men of eighty five and ninety years of age are not the rotund well fed, and thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age, will occasionally eat too much or of some articles of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age.—For sale by Chas. C. Davis.

CONWAY

Mrs. J. H. Sgum and Mrs. D. C. Pullins are on the sick list this week.

The streams don't look natural with running water in them after being dry so long.

A large crowd attended Dr. F. Lewis' sale on Saturday of last week, and every thing brought a high price.

Burton Beldon has improved the looks of his residence in way of new tiling floors and some other improvements.

Charley Drew, who is working for Harvey Chenault, stuck a nail in one hand while at work which has given him considerable pain.

Mr. R. E. Moye, of Scaffold Cane, has enlarged his store house, which enables him to handle a larger stock of goods. Bob is a fine fellow and knows how to treat people and draw the trade.

The bird hunters continue to come and go. They report game scarce; we don't wonder at this for the Roundstone bottoms has been almost a continual bombardment since Nov. 15.

Mr. U. S. Berry came near getting his house burned one day last week. It caught from a defective flue from a heating stove in one of the rooms. It was discovered in time to save the house.

Mr. J. M. Bullin and family have arrived from Texas and taken possession of the farm he recently bought from Dr. Lewis. Tom Bullin, who occupied the place this year, will move to Madison county this week.

J. J. Wood and Harvey Chenault returned from Chicago last week. Jim says he can tell anyone all about Conway, but not much about Chicago—only people walk mighty fast there and go a heap different directions.

Capt McClure has just finished laying the new steel rails on his section here. Capt. McClure knows just how to place a tie to make a train ride easy. The officials say he has one of the best apt up sections on this division.

Harvey Chenault is preparing to raise a large tobacco crop here next year. We don't see why he can't make a success of it. This is a tobacco country and we never hear him make a failure at anything he ever undertook—except marrying.

It has been in use for many years and has never been known to fail, viz: Chamberlain's Cough Remedy. Give it a quick cure is sure to follow. Mr. M. F. Alloway—Debt is causing Skitap-leigh a great deal of trouble now.
Jennings—Is that so? I wasn't aware that he owed a dollar.
Alloway—He doesn't, and that's the trouble, nobody will give him credit.

The Lady—Now that I have given on a dinner, are you equal to the task of sawing some wood?

The Hobo—Equal is not the proper word, madam; I'm superior to it.

Druggist—I'm afraid I made a mistake in filling that prescription you gave DeSmyth last week.

Doctor—Why do you think so?

Druggist—I hear he is getting better.

"Hello, Uncle John," exclaimed the village nephew, as he warmly grasped the old farmer's hand. "I'm awfully glad to see you look up so well. How is my good aunt and dear little cousins?"

"Here, boy," interrupted the wise old ruralite, as he pulled out his pocketbook, "how much do you need this time?"

Wiggins—Blowitz, the pugilist, lost 130 pounds of flesh while training for the last fight.

Snoozem—Get out! What are you trying to give me, anyway?

Wiggins—Straight goods. His wife eloped with one of his trainers.

Nell—I'm going over to Clara's this afternoon.

Bess—Indeed! I don't see how you can bear to call on that dreadful girl.

Nell—Oh, she's going to give a swell party next week, and she asked me to come over and help send the invitations.

Bess—Is that so? Well, don't forget to give her my best love.

"Excuse me, sir," rejoined the party behind the newspaper, "but I never talk shop."

Later in the day the obese gentleman discovered that the party of the newspaper was Mr. Bassler, the local weather guesser.

Directory canvasser—What's your occupation, sir?

Shiftleigh—Occupation?

Directory canvasser—Yes, what do you do for a living?

Shiftleigh—Oh, I solicit washing for my wife.

Waiter—Deed, Ah, dunno, boss, Ah's only been heer er week, sah.

John McPherson's daughter fell at Pine Hill Saturday morning and broke her ankle.

At Lancaster, Henry Shirley, the negro who sued the Southern Railway for \$1,000 damage for false arrest, was given a verdict of \$1,500. A railroad detective in search of another negro, arrested the man, placed him in jail and the negro claims kept him handcuffed and imprisoned for several days before the right man was arrested.

At the Temperance Contest, conducted by Miss Beth Sympton at Pine Hill on Dec. 9, the judges were, Messrs. W. R. Thomas, John Williams and Harry Houston. Contestants, Misses Judith Sympton, Lula Pike, Virgie Dolan, Lula McPherson, Lillie Sears and Cleo Berry. From all reports the gold craze has reached a fever heat in the Eastern part of the county. If all the claims are true Rockcastle will most assuredly develop into a great gold field.

The Signal does not do the fighting for its subscribers, it has plenty of trouble of its own to look after. "Please discontinue my paper," was the response, we received this week, to a refusal to publish a scathing article, which one of our subscribers had written, relative to some parties who had mistreated him. To this, all we have to say is, we will fight our own battles and you must do the same.

To our list of prominent business and professional men there are many others we would have been glad to have added had we been able to secure a cut. Without a more complete representation of the splendid business men of Brodhead we feel very greatly the incompleteness of our efforts, for it is in this thriving town that Rockcastle can look to for some of its most enterprising and up-to-date business men.

Was buried in the Oak Hill cemetery in the presence of a large crowd of sorrowing friends and relatives Wednesday at 12 o'clock. Rev. A. J. Pike preached the funeral sermon from the text in Job: "If a man die shall he live again." Bro. Pike said in his sermon, that he had never preached the funeral of any man, whose life he could recommend as an epitome to be read and exemplified by men, that would surpass the life and characteristics found in the deceased. He was a warm hearted Christian and true husband and a loving father. He leaves a widowed wife and one son. They both, with all the bereaved relatives, have the deep sympathy of us all. Their loss is Heaven's gain.

COLLEGIATE INSTITUTE
The Winter Term of the COLLEGIATE INSTITUTE opens January 8th, and closes for the Spring vacation, March 31. This later date has been given in order that those coming from the public schools may begin the new subjects with the classes. Teachers will not be in the Intermediate Department as in former years, but by themselves under a special instructor. Tuitions will be paid by the month, in advance, as usual. Collegiate Department, \$3.00 per month. Teacher's Reviews, \$3.00 per month. Intermediate Department, \$2.25 per month. Primary Department, \$1.50 per month. Music, per month, \$3.00. Any one desiring to pay by the term will be given a small rebate. Do not forget that this school with its strong faculty can do more for the individual student than many a larger institution can.

COLLEGE NEWS.
The word "Honesty" was discussed in chapel this week. We agreed that honesty includes faithfulness, uprightness, diligence and every other virtue that goes toward making the right kind of a student. We are sorry to have so many absent this month; yet we are glad to notice two points with regard to absences: That pupils rarely stay out except for sickness. 2d. That the best of us get behind if we lose the teaching of a single recitation. The higher algebra class broke its twelve weeks' record Friday, when Walter Miller was unable to come to school. Every day since school began there has been a good quotation upon the board in each room. The one on the board in our room to-day is: "No more so dark but Stars may shine. When evening gathers over all." One that we like is: "Not failure, but low aim is crime."—Lowell—[Junior Class.]

LAND, STOCK AND CROP
The general impression among farmers seems to be that the rains of last week have materially helped the prospects for wheat next year. While there are some people who still fear that the long drouth has ruined the wheat crop, the majority of those who have investigated conditions are of the opinion that he prospects have been greatly improved by the rain, although the amount of moisture which the ground received was very small. Another condition which is regarded as favorable to the wheat is that while before the rain fell but little had sprouted, an examination below the surface shows that the roots are growing healthily and that the grains are still alive.

RELIGIOUS
At the annual dinner of the international committee of Young Men's Christian Associations of North America, the Secretary of the Navy said: "I believe that I voice the sentiment of every railroad man in the West when I speak of the association's work among the railroads. It has been better for the railroads, better for the people, best of all for the public. U. S. such management as it has, no association is bound to praise."

PROFIT

The matter of feed is of tremendous importance to the farmer. Wrong feeding is loss. Right feeding is profit.

The up-to-date farmer knows what to feed his cows to get the most milk, his pigs to get the most pork, his hens to get the most eggs. Science.

But how about the children? Are they fed according to science, a bone food if bones are soft and undeveloped, a flesh and muscle food if they are thin and weak and a blood food if there is anemia?

Scott's Emulsion is a mixed food; the Cod Liver Oil in it makes flesh, blood and muscle, the Lime and Soda make bone and brain. It is the standard scientific food for delicate children.

LEVEL GREEN

"And the Lord sendeth his rain on the just and the unjust." Yes, just as he sends day and night, cold and heat, winter and summer, seed time and harvest, but in no special way, tho' in a general way. The Lord constructed a great machine when he made the Heavens and the Earth; the working of that machine creates or brings about all these changes; day, night, cold, heat, rain, drouth, winter, summer, long days, short ones and all those different phenomena; and as "the effectual fervent prayers of the righteous availeth much," a fervent prayer for rain is not out of order and "if it does no good it will do no harm," but we will show our faith in Him by so doing who doeth all things well, at least.

Yes, it has rained and the clergy and other christians have been praying for it for the last two months. Now if the prayers of the people brought it or the Lord sent it in a special way, why did it not come sooner? Why not before so much suffering by both man and beast for water, before so much loss of property by fires and drouth? The simple reason is; the machine had not arrived at the proper cog in nature's wheel but when it did it rained, and this is all there is in it or to it, or of it. Our Creator is a God of order as well as of justice and mercy; we should remember this.

We have no noose of general interest, and the fact is our Grape Vine Telegraph don't work, and the two old ladies, "Gossip and Rumor," have been silent for a time. They used to keep us posted to a large extent on the doings and misdoings and going to does or the Holler, such as weddings, courtships, separations, divorces, quarrels, drunks, runaways, trades, &c. &c., but those old women have had malady fever all the fall and are therefore excusable. These old ladies air twin sisters and came into the world by birth or otherwise (otherwise tho' I reckon) just after Noe's flood and have bin on hand ever since, and to save my life I can't tell whether which is smarter than tother, or tother is ahead of which. They air both well posted in current events in certain circles, I tell you.

Sum of our wellinformed Christian brethren raised a powerful stew and fret like a bawky hoss in a backboard, because the brutin and sistern have an organ in the church, so I set myself to work to figer out a divine rite or a "Thus saith the Lord" pro and con. I went to David, the sweet singer of Israel, a man after God's own heart, and in the last Sam and the 3rd verse thereof we read, yes, sirs, as you live it's right thar; "Praise him with trumpet sound, praise with Psaltery advance. With timbrel, harp, stringed instruments, with organs and the dance."—Chap 150, verse 3. Now what do you say, brethren? It's thar ain't it? Oh, yes but thar say; "That thar's in the old Bible." Well, we'll admit it is; and you coat from that old Book every time it soots your case, don't you? and the Savior and the Apostles quoted from it at length, and I think it's a mity good book yit, so I do, fer it says, "Fear God and keep His commandments."—Can you beat thar? Well, you know Ephraim (old Bible) was jined to hizz idol and I reckon we all have an idol, and sum of us have a dozen or more. Yes, a friend shud' bear with a friend's infirmities, and not condemn and abuse him jist simply because they can't read with the same speck. But I can't for the life of me, object to the use of an organ in the church, and then turn right around and praise its music and joining the song accompaniments elsewhere. Consistency, thou art indeed a jewell. I wonder who said it? This is indeed a beautiful saying we use. We needn't look for a "Thus saith the Lord" for everything true or good that we hear; but mea ure them up by consistency—common good sense and when they fill this stardard they will do to work by.

Well, slay and eat seem to be the general order since Rosy Velt was elected President. Did you read his message to congress? Wern't it a hummer for length?—Well, boys, whether his message is big, long or little long I'll bet a coon skin tail and all that Rosy will be President, if he lives, for the next four years and not a Mark Hanna Lieutenant will reign. Our sick—Jack Tewery is using a Cincinnati Dr's. treatment and is

improving.—John M. Hurst threatens to be a stout old man some day—so mote it be.—Mrs. Goodpastor still helps.—O. V. Wallen will sell his personal effects on the 31st Inst. near Wabd, and with the rest of the family I ave here, including the grand mother, migrate to Jesse and those in Texas. Jessie is well pleased with Texas as a health resort.

Indigestion Causes
Catarrh of the
Stomach.

For many years it has been supposed that
Catarrh of the Stomach caused indigestion
and dyspepsia, but the truth is exactly the
opposite. Indigestion causes catarrh. Re-
peated attacks of indigestion inflame the
mucous membranes lining the stomach and
expose the nerves of the stomach, thus caus-
ing the glands to secrete mucus instead of
the juices of natural digestion. This is
called Catarrh of the Stomach.

Kodol Dyspepsia Cure
relieves all inflammation of the mucous
membranes lining the stomach, protects the
nerves, and cures bad breath, sour risings,
a sense of fullness after eating, indigestion,
dyspepsia and all stomach troubles.

Kodol Digests What You Eat
Make the Stomach Sweet.
Bottles only. Regular size, \$1.00, holding 2 1/4 times
the trial size, which sells for 50 cents.
